DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 28 is rejected under 35 U.S.C. 102(b) as being anticipated by Zhong et al. (US Patent 5966625).

3. Zhong et al. teach a manufacturing apparatus comprising:

a substrate forming unit for manufacturing a silicon substrate with a normal of a surface extending in an inclined direction from a [100] direction (col. 6 lines 50 – 58);

a thermal treatment unit for reconstituting steps existing on the surface of the silicon substrate by performing (col. 6 lines 59 – col. 7 line 22); and

wherein an angle of inclination of the normal is decomposed into a component in the [001] direction and a component in a [010] direction, the component in the [001] direction is made within ± 0.2 degrees (col. 7 lines 32 – 39).

Allowable Subject Matter

4. Claims 1 – 27 are allowable, because prior art does not render obvious, forming a silicon substrate inclined ± 0.2 degrees in the [001] direction and having a stepped surface, forming a semiconductor on the silicon substrate with a moving direction of carriers in the [001] direction, and reconstituting steps on the surface of a silicon substrate by thermal treatment. The prior art made of record and not relied upon

considered pertinent to applicant's disclosure, include Awano (US Patent 5212404), Nakata et al. (US Patent 5436468), Niwa (US Patent 5886389), Usuda et al. (US Patent 6066571), Akiyama (US Patent 6645834), and Colas et al. (US Patent 4987094).

Response to Arguments

5. Applicant's arguments, see paragraph 4, filed 28 October 2005, with respect to the rejection(s) of claim(s) 1 - 27 under USC 102 have been fully considered and are persuasive. Therefore, the rejection of claims 1 - 27 has been withdrawn. The rejection of claim 28 is maintained.

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

7. A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
